UI DEVELOPER RESUME

123 Your Address   City, State, Zip Code   your@email.com

Creative UI Developer with 8+ years spent optimizing user experience through implementing creative processes, innovating, and developing seamless UI. Successful in driving user engagement for well-known brands, providing a compelling user experience to improve brand loyalty, and boosting customer retention.

PROFESSIONAL EXPERIENCE

AON HEWITT, DEERFIELD, IL
UI Developer, September 2015–Present

- Completed 45+ UI development projects, which includes analyzing user interface issues and creating manageable solutions to achieve clients' business goals and requirements
- Manage and mentor 6+ junior UI developers to improve their understanding of establishing UI goals, priorities, and deliverables that align with product milestones
- Utilize jQuery, AJAX, and AngularJS to redesign the UI functionality of 5+ multithreaded apps running on mobiles, tablets, and other touchscreen devices
- Upgraded the system to automate image optimization, achieving an average load time of 3 seconds or less with a bounce rate of 20-40%

PIXELMESH, CHICAGO, IL
UI Developer, June 2011–August 2015

- Developed UI architectures, interface designs, and interaction flows for 50+ software applications with a variety of screen sizes (like for tablet, and various mobile devices)
- Created information architecture in conjunction with interactive design, visual design, and navigation development for next generation web-based solutions
- Revamped UI and interface of an e-commerce site that enhanced performance and improved load time by 45%
- Conducted testing and performed documentation of UI and services, resulting in the discovery and resolution of 15+ critical bugs
- Developed new UI for website landing pages using React and designed HTML email templates, increasing email signups by 9% and email CTR rates by 20%
